

Power supplies - Energymanagement - System technology

Power supplies

- Transformers for low voltage and medium voltage
- Dry transformer
- Cast resin transformer
- Oil transformer
- Primary switching regulator
- Reactor
- Filterelements
- Special winding goods

- Current transformer
- Voltage transformer
- Shunts

Uninterruptible Power Supply

- AC - UPS
- DC - UPS
- Batteries

Energymanagement

- Net analyzers
- Cost center billing
- Digital displays
- Multifunction measurement devices

System Technology

- Complete measuring systems according to customer
- 19" assemblies
- Developments

Measurement - Sensors

Flow measurement

- Flow meter
- Flow monitor
- Compressed air controlling
- Temperature
- Pressure
- Level monitoring sensors (capacitive)
- Analog heat wire
- Electronic temperature switch
- Filtration

Meteorological measurement

- Wind / Flow
- Precipitation / Evaporation
- Humidity / Pressure / Temperature
- Radiation

Infrared measurement

- Contactless temperature measurement
- Compact radiation pyrometer
- Spectral pyrometer
- Multi wavelength pyrometer
- Thermography
- Black body radiator

Ultrasonic flow measurement

Components - System technologies

Measuring meters and indicators

- Analogue meters
- Digital meters
- Multi function displays
- Shunts / Current
- Special Instruments

Circuit breaker

- Magnetic circuit breaker
- Thermal circuit breaker
- Electronic overcurrent protection
- High performance circuit breaker
- Power Distributions systems

Switches from 10A up to 315A

- Disconnect switches
- Rotary Cam switches

Multipolar connectors

- Heavy duty connectors
- Diecast aluminium housing
- IP 68 housing

Fuses

- NH fuse links
- D0-D fuse links

Cable protection systems

- Corrugated and protection tubes
- Cable ducts and mainfolds

Case and front panels

- 19" cases, subtrack
- profilecases, tubecases and cooling elements

metes technology authorized dealer
